DETAILED ACTION

Claims 1, 3-4, 6, 8-9, 11-13, 15-16, 17,19-24, 26-32 are pending.

Rejections Withdrawn

1. All prior art rejections are herein withdrawn in light of Applicant's traversal and amendment of the claims to recite a combination of claim limitations not described nor disclosed in the prior art of record, including Lindsay et al who does not teach nor describe the selection of body temperature sensitive strains of Neospora that are selected based upon a unique step of shifting cells from 37 degrees prior to treatment to 32.5 degrees after treatment, a critical step in the selection process of the instantly claimed temperature sensitive strains of Neospora.

Rejections Maintain

1. The obviousness type double patenting rejection is maintained in light of an effective terminal disclaimer not having been submitted with the last Amendment response. Claims 1-4 and 6-9 remain rejected under obviousness type double patenting for reasons of record.

Allowable Subject Matter

2. Claims 1, 3-4, 6, 8-9, 11-13, 15-16, 17,19-24, 26-32 contain allowable subject matter that defines over the prior art of record, but the instant Application is not in condition for allowance in light of the objection necessitated by amendment set forth below and an effective terminal disclaimer not having been submitted in the last response.

3. Claims 11-12 are depend upon claim 6, a rejected base claim, and are therefore objected to.

Claim Objections

1. Claim 32 is objected to because of the following informalities: Claim 32 has been amended to remove “;” semicolons, but now lacks a transitional phrase to define the combination vaccine. The claim should be amended to recited -----together with----“one or more”.

Appropriate correction is required.

Conclusion

1. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
